

DMdB and Softnoise sign cooperation agreement

Strengthens Softnoise and provides a strong start to DMdB

April 6th, 2021 - Copenhagen, Denmark (DMdB) and Dortmund, Germany (Softnoise)

Softnoise and DMdB are proud to announce that they have signed a contract for DMdB to help Softnoise expand its promotional and sales activities of Predictor-LimA. The cooperation agreement starts on 1st April 2021 and entails DMdB providing sales and marketing resources for Softnoise's Predictor-LimA software over the coming years.

Erwin Hartog van Banda, director of Softnoise, explained the background of the agreement as follows *"DMdB is an ideal partner for Softnoise with long experience and good working relationships with us in the past. We look forward to this cooperation"*.

DMdB founder and director, Douglas Manvell said *"I have had a good and productive relationship with Softnoise for many years. I am excited to continue this strong relationship within the realms of my new company, and to offer my skills, network, background and name to benefit Predictor-LimA"*.

Softnoise is the first on-line provider of quality assured noise mapping solutions, based on over 30 years of experience in the business. Softnoise's unique Predictor-LimA Cloud Calculation Service is a powerful and spot on solution for the noise mapping industry.

DMdB offers noise & vibration control advice and services to solution suppliers and application specialists to provide insight and quality assurance in a manner that makes business sense. DMdB's world-class insight in applications, regulations and solutions is based on extensive knowledge and experience, and a unique position in international standardization and product knowledge.
