

DMdB and Stapelfeldt sign cooperation agreement

Strengthens LimA-based products and extends DMdB's client base

May 3rd, 2021 - Copenhagen, Denmark (DMdB) and Dortmund, Germany (Stapelfeldt)

Stapelfeldt and DMdB are proud to announce that they have signed a contract for DMdB to provide Stapelfeldt with domain-expertise for its development, promotion and sales of LimA and LimA-based solutions, starting from 1st May 2021.

The agreement is founded on a long term and good working relationship between Stapelfeldt and the founder of DMdB, Douglas Manvell. And, as Douglas Manvell states *"Since I first made my acquaintance with LimA some 20 years ago, I have always said that, no matter what environmental noise calculation problem you have, LimA can deal with it. I am excited to continue my relationship with Stapelfeldt within the realms of my new company"*.

Stapelfeldt GmbH is one of the leading suppliers of environmental impact analysis software. Its goal is to provide dedicated software and services to take on a wide range of environmental analysis in noise, air pollution and solar radiation with high efficiency, and to help clients solve the challenges of large-scale mapping. Products include LimA, Oden and consulting services.

DMdB offers noise & vibration control advice and services to solution suppliers and application specialists to provide insight and quality assurance in a manner that makes business sense. DMdB's world-class insight in applications, regulations and solutions is based on extensive knowledge and experience, and a unique position in international standardization and product knowledge.
